

Production Operator

HOURLY RATE: \$21 to \$23 per hour, depending upon related experience.

START DATE: Immediately

DESCRIPTION: Ab E Manufacturing seeks a Production Operator to oversee shift operations at our facility in Waterloo, WI. This position will report directly to the Senior Operations Manager and will complete fluid bed spray drying operations, primarily, and other duties as assigned. The ideal candidate will be a quick learner with experience in operations, troubleshooting, and general manufacturing equipment knowledge. Additionally, this individual will be responsible for monitoring, adjusting and measuring process performance to ensure optimal production of product and communicating with all staff to ensure safety, quality and efficiency. Ab E Manufacturing will provide the specialized training needed to operate the relevant equipment. We're looking for a positive and ambitious person with an inquisitive mindset, good at problem-solving who thrives in a fast-moving, team-based environment. Our facility is continual operation, Monday through Friday. Successful candidates may be hired for 1st, 2nd, and/or 3rd shifts.

QUALIFICATIONS:

- Ideal candidate has 3 years of work experience in a GMP manufacturing environment.
- Technical Associates Degree and/or pertinent operations experience preferred
- Availability to work extended hours, including varying shifts on occasion (1st, 2nd, and/or 3rd shift, as needed).
- Knowledge or willingness to learn human/machine interface technology.
- Forklift certification and/or willingness to gain forklift certification.
- Lean or continuous improvement background preferred.

RESPONSIBILITIES:

- Daily operation of Fluid Bed Dryer and associated equipment, with the intermittent assistance of one support.
- Visually inspect equipment during operation and measure process/product performance to ensure specifications are met.
- Perform machine adjustments necessary during the batch run as required to ensure safe operations while maximizing quality and efficiency.
- Complete paperwork during and after production.
- Weigh and add ingredients.
- Assembly, disassembly, and cleaning of equipment.
- Follow company policies, cGMP's and Standard Operating Procedures.
- Effectively communicate with the management team and staff.
- Other duties as assigned.

PHYSICAL ACTIVITY AND EXPOSURE:

- Exposure to dust, odor, moderate noise level, and overall industrial environment.
- Compliance to all required safety programs, including confined space and LOTO.
- Must be able to lift and/or move up to 50 pounds.
- Frequent use of stairs, significant walking, and PPE.
